Application Guidelines

The Town of Arnprior can pass a by-law exempting a parcel of land situated in a registered plan of subdivision from part lot control to allow the registration of a reference plan to divide the land into a number of parcels or to change existing lot lines.

The applicant is required to file a complete application. A file number will not be assigned and the processing of the application will not commence until all the required material has been submitted.

To proceed with an exemption from part lot control, the proposal must conform to the Town of Arnprior's Official Plan and Zoning By-law. If not, a rezoning or minor variance application must be submitted, approved and finalized prior to Council enacting the exemption part lot control by-law.

The application will be reviewed, and if deemed appropriate, the exempting by-law will be forwarded to Council for approval.

Where site plan approval is required, applications for part lot control shall be submitted after the site plan approval is granted. Where site plan approval is not required part lot control exemption applications may be submitted after the registration of the M-Plan.

Additional information may be required by the Community Development Branch before the application can be processed or finalized. You will be notified should this be the case.

The Community Development Branch will not process any request for exemption from part lot control that will have the effect of creating additional lots within existing communities, unless the development proposed under the exemption from part lot control request had been subject to a planning application, which clearly indicated the proposed changes to the lot configuration and which involved public participation. Proposals for the creation of lots which do not meet the above criteria may be made through the land division process.

Subject to the above-noted condition, the Town of Arnprior will accept the following types of applications from exemption from part lot control:

- Creation of townhouse lots;
- Creation of semi-detached lots; and
- Mechanical severances such as additions to lots, the creation of easements and land dedications, etc.
