A gift certificate can be used at any of the participating businesses listed below. Once you make a purchase with the certificate and provide the cashier with the certificate, there is nothing further you must do. The gift certificate must be spent at one location. We understand that using the full \$100 at one time may be a challenge at some locations. However, please do not let this deter you from using it at a participating business, as many of the business owners are willing to work with you to offer options such as keeping the certificate in their cash and tallying purchases over multiple visits until the \$100 has been spent. Please speak with the friendly business owner as they are happy to help. Also, winning once does not make you ineligible from participating in future draws, so please continue to collect stamps and enter your cards!

Participating Businesses:
